

# Wright Coating Technologies

## QUALITY POLICY

**Wright Coating Technologies is committed to meeting or exceeding customer requirements in the application of decorative and functional coatings and related value-added activities.**

Our policy will be achieved through:

- ❖ Total customer satisfaction
- ❖ Continuous improvement
- ❖ Being a good corporate citizen
- ❖ Protecting the environment
- ❖ Meeting all applicable requirements
- ❖ Ensuring profitability
- ❖ Providing our employees with a safe workplace with a secure future

We are also committed to promoting growth and security of the company through emphasis on:

- ❖ Employee involvement - We participate in continuous improvement projects.
- ❖ Effective business management - To attain our profitability and growth goals, we formulate and follow quality objectives, evaluate risks and follow a strategic business plan.
- ❖ Development of current and future customer needs - We maintain our growth and competitiveness through analysis of present and future customer needs.
